“It’s an honor to be recognized for our hard work by our wonderful patients,” says owner of Davison Dental, Emily R. Schwartz, D.D.S. “I enjoy the time I spend working with each patient to achieve the optimal clinical result. Also, the sincere gratitude that patients express when they are completely satisfied with their in-office experience is priceless.”

The staff at Davison Dental is exceptional and has trained together to create an environment that assures each patient, young and old, receives the results they want in the most comfortable and

relaxed manner possible.

Davison Dental patients experience excellence in clinical skill, attitude and attention to detail.

“We use technology and photography to help guide conversations about oral health,” adds Schwartz. “We build time into our schedule for personal conversations that result in a trust, allowing patients to have confidence in our work.”

For over 20 years, Davison Dental has provided patient-centered high quality, long-lasting treatment, using only the highest quality materials and techniques.
